Message from the Founder

Dear Friends of the Elderly,

Because of our generous and compassionate donors, sponsors, staff and volunteers, Twilight Wish truly is able to continue making our world a nicer place to age, one wish at a time! As of June 30, 2015, we have granted 2,308 wishes to low-income seniors across the U.S. As the first national wish granting organization focused on the needs of the elderly, we are proud to say that we have been at the forefront of changing the culture of aging in our society for 12 years.

Once again, we granted some pretty amazing wishes. We sent three World War II veterans back to Normandy; Josephine, a huge animal lover, had her wish to meet Jack Hanna and tour the Columbus Zoo granted; and we sent Mae, an original Rosie the Riveter, to the annual American Rosie the Riveter Association’s (ARRA) reunion in California. We also granted some very simple, poignant wishes like Virginia, who wished to see her family’s gravesite one more time before she passed and Ronald, who wished to attend Christmas Day services with his wife. Wishes, whether big or small, illustrate the need for Twilight Wish as we continue to bring compassion and comfort into the lives of seniors that need it the most.

One of the biggest highlights of our year was being chosen by the Pennsylvania chapter of Future Business Leaders of America (FBLA) as their state project for school year 2014-2015. The PA FBLA is comprised of 281 high schools in Pennsylvania. It was our honor to be able to interact with so many of these bright, motivated students throughout the year. We celebrate with them at their annual leadership conference in Hershey, PA in April 2015 where Twilight Wish and our wish recipient for the Rosie the Riveters reunion, Mae Krier, 90, received a standing ovation from the 5,000 attendees. These incredible students spent the school year learning about aging and intergenerational issues and fundraised for our “Greatest Generation” over $44,000! Twilight Wish ended our fiscal year in our best position every in our history.

As always, we are so grateful to you, our supporters and donors, many of whom have been supporting Twilight Wish and our mission since the beginning. This support ensures that Twilight Wish can continue our mission and vision of making our world a nicer place to age, one wish at a time. We look forward to focusing on training and educating our chapters and thousands of grass root volunteers in the next year and growing from 18 chapters to one in every major city in the next decade.

Best wishes,

Cass Forkin
Founder & Chairman of the Board
About Twilight Wish Foundation

Mission and Vision

The mission of Twilight Wish is to honor and enrich the lives of deserving seniors through wish granting celebrations that connect generations. Our vision is to make the world a nicer place to age, one wish at a time. Through our good works, Twilight Wish is changing the culture of aging in the U.S.

History

Twilight Wish Foundation, a 501(c)3 nonprofit organization, was founded by Cass Forkin on July 1, 2003, in Bucks County, Pennsylvania after a life-changing encounter with several elderly women in a diner. As the women were counting out change to pay for their meal, it became clear to Forkin that they could barely afford even a simple buffet lunch in a diner, so she anonymously paid their bill. They insisted on knowing who treated them and said, “We didn’t know there were still people like you out there. We thought you had forgotten us.” Those comments and the women’s gratefulness for Forkin’s simple gesture led to the realization of the genuine need for a national organization that addressed not only simple and basic needs, but also the higher-level needs for an elder’s wish of a lifetime.

Twilight Wish granted its very first wish on January 16, 2004, to Margaret Turner, an 81-year-old nursing facility resident. Margaret requested a tombstone for her deceased son who was buried in an unmarked grave. As of June 30, 2015, Twilight Wish had granted over 2,308 individual wishes to deserving elderly throughout the U.S. This equates to more than one wish granted every other day since our founding in 2003.

Affiliate Information

National headquarters is located in Bucks County, Pa. This office manages and trains volunteers across the country. Chapters are headed by volunteer regional directors and chapter directors in Arizona, Idaho, New York, Illinois, Louisiana, New Jersey, Pennsylvania, Missouri, West Virginia, Fort Worth and Dallas, Texas, Southern California, and Washington. We have six chapters in Pennsylvania including (near Philadelphia), Pittsburgh, New Castle and Erie. Regional directors are responsible for fundraising, wish fulfillment, volunteer management and senior celebration events. All states with chapters have state charitable registrations as appropriate and are covered under national headquarters’ 501(c)(3) charitable designation.
Our Programs

Wish Granting Program
Twilight Wish celebrates seniors and makes dreams come true by granting wishes for recipients over age 68 who do not have the ability to grant their own wishes or are permanent members of a long-term care facility. Wish granting provides a meaningful “thank you” for a lifetime of service to others. Sometimes the wish fulfills an immediate need. Sometimes it fulfills a last wish or a wish of a lifetime. Big or small, all wishes are significant to the recipient as they validate what the senior has specifically done for others over the years.

Intergenerational Education Program
Imagine an intergenerational exchange of knowledge, wisdom and understanding. This is exactly what we set out to accomplish with our Intergenerational Education Program which directly matches local school students with nearby nursing center residents. Students get directly involved with the entire wish-granting process. They learn all about senior citizens and their wishes, raise funds, and grant wishes at a celebratory event. As a result, seniors are validated and respected, and feel an increased sense of dignity and self-esteem. Students gain a respectful understanding of aging and develop compassion and patience in normal day-to-day experiences with seniors. They also learn the value of volunteerism and philanthropy.

Project Wishing Well
Project Wishing Well enables students to fundraise by distributing our “wishing well” collection boxes throughout their schools and local communities. Project Wishing Well is just one way we build awareness through multigenerational education and hands-on experiences. This program directly benefits seniors, students and their local communities.

DUTY Program
We feel it is our responsibility to honor and respect our elders in their twilight years. That’s why we created our DUTY program. This program is designed to spontaneously thank seniors for all they have done for others by treating them to a meal. How it works: Print out a DUTY card from our website or contact us for preprinted cards. When you dine out and see a senior you would like to treat, simply pay the bill and hand the DUTY card to the server. In turn, the server presents the card to the recipient as a thank you for everything the senior has done for others over the years.

Circle of Angels Legacy Society
Our Circle of Angels Legacy Society allows donors to leave behind a legacy that makes a lasting difference for generations to come and directly benefit those in their twilight years. By designating a percentage of their estate, donors bring hope and joy to economically-disadvantaged seniors through our various programs.

Veterans Program
At Twilight Wish, we feel it is our privilege and duty to help fulfill the wishes of our elderly American veterans. Since our founding in 2003, we have honored more than 730 veterans. In fact, one-third of all the wishes we grant are for veterans. Sometimes a wish fulfills an immediate need. Sometimes it is a last wish or a lifelong dream. Large or small, all wishes provide a meaningful “thank you” to our veterans for their dedication and selfless service to our country.

Wish Stories

We did it! In June of 2015, thanks to a generous donor, we were able to send Mae Krier, one of the original Rosie the Riveters to the annual American Rosie the Riveter Association’s reunion in California. Mae, now 90, worked on B-17s and B-29s for Boeing in Seattle at the young age of 17. One of her proudest memories is helping to build the 5 Grand, the 5,000th B-17 made by Boeing. After having her wish granted, Mae has become a much-sought after speaker, telling her wartime stories to high school students, veteran organizations and other organizations. She is working with her local congressman to help pass legislation that will designate a national Rosie the Riveter Day. Mae doesn’t want the story of what the Rosies did to be forgotten.

Pat is back in the saddle again! Pat Glasser and her husband owned horses for many years until health problems forced them to give them up. Her husband passed away in 2012 and Pat now lives in an assisted living facility. Yet, she still wished for one more horseback ride. Our Westmoreland County chapter granted Pat’s wish, arranging for her to ride beautiful Gunner, a 15 year old gentle gelding. After being helped in the saddle, Pat rode Gunner around the arena several times. After her ride, Pat said about her wish “That was great, I feel younger.”

Sometimes the wishes we grant are so simple like Hank’s wish to return with his wife to their hometown one more time. Hank, 80, and his wife, Loretta, lived in Kimmswick, Missouri for over 14 years. Hank was Chief of Police and an Alderman for Kimmswick and ran the Jefferson Barracks Historic Park museum for ten years. Hank wished to drive past some of their favorite places including their family home and their favorite restaurant, The Dough Depot, where they enjoyed lunch one more time. His wish was granted by our Missouri chapter and made possible with generous donors.
**Twilight Wish Categories**

The mission of Twilight Wish Foundation is to honor and enrich the lives of deserving seniors through wish granting celebrations that connect generations. Our vision is to make the world a nicer place to age, one wish at a time. Since our founding in 2003, we have granted the lifelong wishes of over 2,308 deserving senior citizens throughout the United States. Twilight Wish grants wishes to seniors, 68 and older, earning less than 200% of poverty level, or who are a permanent resident of a nursing facility.

Simple Needs wishes are for basic quality-of-life necessities such as healthcare and accessibility items including hearing aids, dentures, mattresses, appliances, wheelchairs, and walkers.

Living Life to the Fullest wishes are often the fulfillment of a lifelong dream such as publishing a book, riding in a hot air balloon, or meeting Merle Haggard.

Celebrating a Life wishes are meaningful and nostalgic wishes for recipients with limited life expectancies. Many of these wishes are for family reunions, visits to hometowns, and to return to a job or career one more time.

Veterans’ wishes make up one-third of all Twilight Wishes granted. Veterans’ wishes can fall into any of the other three programs, but we differentiate this program as it gives us all an opportunity to thank veterans, many in nursing facilities, for what they have specifically done for others over the years and acknowledge that we remember and care.
Our most current audited financial statements indicate 78% of expenses are allocated to direct program costs.

Board of Directors of Twilight Wish Foundation

I have audited the accompanying statement of financial position as of June 30, 2015 and 2014, and the related statements of activities, functional expenses, and cash flows for the years then ended. These financial statements are the responsibility of the foundation’s management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted the audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in material respects, the financial position of Twilight Wish Foundation as of June 30, 2015 and 2014, and the results of its operations and cash flows for the years then ended in conformity with the accounting principles generally accepted in the United States of America.

Note 1. Organization and Summary of Significant Accounting Policies

Organization
Twilight Wish Foundation (the Foundation), a non-profit organization, is located in Bucks County, Pennsylvania. Their mission is to enrich the lives of deserving seniors through individual wish granting celebrations that connect generations. Their vision is to make our world a nicer place to age, one wish at a time. The Foundation seeks to increase awareness of the importance of thanking older generations and provide a mechanism to facilitate elder wish granting. The major sources of revenue are in-kind services, donations, grants, corporate sponsorships and special events.

Accounting Basis
The Foundation uses the accrual basis of accounting. Under this basis, revenues are recognized when earned and expenses are recognized when incurred.

Classification of Net Assets
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation are reported in three groups as follows:

- Unrestricted net assets represent the portion of expendable funds that are available for support of the Foundation’s operations or that have been designated by the Board for a particular purpose.
- Temporarily restricted net assets represent amounts that are specifically restricted by donors or grantors for various programs or future periods. At June 30, 2015 and 2014, respectively, all temporarily restricted net assets are available for the periods subsequent to the year end.
- Permanently restricted net assets are subject to donor-imposed stipulations that they be maintained permanently by the Foundation. Generally, the donors of these assets permit the Foundation to use all or part of the income earned on related investments for general or specific purposes. For the years ended June 30, 2015 and 2014, there were no permanently restricted net assets.

Revenue Recognition
Grants and contributions are considered unrestricted and available for general operations unless specifically restricted by the donor. The Foundation reports gifts and grants of cash and other assets as temporarily restricted if they are received with donor stipulations that limit the use of the donated assets as to a particular purpose or to future periods. When a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Donor temporarily restricted contributions whose restrictions are met in the same accounting period in which the contribution was originally pledged are reported as unrestricted revenue.

Cash and Cash Equivalents
For purposes of the statement of cash flows, the Foundation considers all demand deposits and investments with a purchased maturity of three months or less to be cash and cash equivalents.

Budget
The Foundation adopts and maintains a yearly budget. The budget is subject to correction and changes during the year at the discretion of the Board of Directors.
Inventory
Supplies and fundraising items purchased or donated for use in programs or for fundraising are carried at
the lower of cost or market on a first in first out basis.

Property and Equipment and Related Depreciation
Property and equipment are stated at cost. Expenditures for major additions, renewals and betterments are
capitalized; conversely, expenditures for repairs and maintenance are charged to expense when incurred.
Upon the retirement or disposal of assets, the cost and accumulated depreciation are eliminated from the
accounts and the resulting gain or loss is included in revenue or expenses. Depreciation of property and
equipment is computed using the straight-line method over the estimated useful service lives of the assets
ranging from one to five years. Depreciation expense for the years ended June 30, 2015 and 2014 were
$2,633 and $4,974, respectively.

Donated Materials and Services
The Foundation follows the practice of recording the estimated value of materials and services as
contributions if there is an objective basis available to measure the value of such materials and services.
For the year ended June 30, 2014 the value of such amounted to $17,869 of in-kind donations in the form
of supplies and specialized volunteer service hours for the Foundation’s programs, and $199,783 of
donated services for administrative services which include volunteer chapter directors and volunteer
executive staff.
For the year ended June 30, 2015, the Foundation recorded in-kind donations of $22,056 and $286,397 of
in-kind administrative services.

Income Taxes
Income taxes are not provided for in the financial statements since the Foundation is exempt from federal
and state income taxes under section 501(c) (3) of the Internal Revenue Code and similar state provisions.
The Foundation is not classified as a private foundation.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles of the
United States of America requires the management of the Foundation to make estimates and assumptions
that affect certain reported amounts and disclosures. As a result, actual results could differ from those
estimates.

Reclassifications
Certain accounts in the prior year financial statements have been reclassified for comparative purposes to
conform with the presentation in the current year financial statements.

Note 2. Temporarily Restricted Net Assets
Temporarily restricted net assets for the years ended June 30, 2015 and 2014 were $13,846 and $16,415,
respectively.
Note 3. Property and Equipment

Property and Equipment are summarized by major classifications as follows for the year ended June 30, 2015 and 2014, respectively:

<table>
<thead>

</table>

Note 4. Assets Released from Donor Restrictions

Net assets of $28,369 were released from donor restrictions by incurring expenses satisfying the restricted purpose of wishes granted during the year ended June 30, 2015.

Note 5. Related Party Transactions

On June 30, 2014, the Chairperson forgave the entire loan balance owed of $41,336. As of June 30, 2015 there are no related party transactions.

Note 6. Line of Credit

The Foundation has a commercial line of credit with a local bank which provides borrowings up to $25,000 with the Foundation’s assets as collateral. As of June 30, 2015 the outstanding balance on the line of credit was $17,110 and $14,973 as of June 30, 2014. The line of credit was extended until November 15, 2019. Subsequent to year end, in August of 2015, the Foundation fully paid off the outstanding balance on the line of credit of $17,110.

Note 7. Loan

The Foundation has a five year promissory note with a local Pennsylvania bank at an interest rate of 4.65% to be paid in $187.41 installments due monthly. As of June 30, 2015 and 2014, the balance due is $7,081 and $8,794, respectively.

**For the Year Ending:**

</tr>
</tbody>
</table>

Note 8. Donated Services

Included in the Donated Services is the value of donated time from the Board Chair, other board members and Chapter Directors of the Foundation, which is calculated on the hours donated valued at a competitive hourly rate. The financial statements show that the Foundation is a highly efficient non-profit, with 76% of income going directly to granting wishes and program services. Donated Services, as well as in-kind donations, comprise over half of the Foundation’s revenue, enabling the Foundation to continue its mission and add value to more than double the amount of every dollar donated in cash.
Note 9. Lease Commitment

The Foundation’s office space lease is due to expire in November 2015. The Foundation has re-negotiated with the landlord for an extension through October 2016 at the current monthly rental rate.

Note 10. Tax Exposure

The federal income tax returns of the Foundation for 2013, 2014, and 2015 are subject to examination by the IRS, generally for three years after they were filed.
