

CELEBRATING SENIORS AND MAKING DREAMS COME TRUE

Shining Moments Newsletter ~ Winter 2022

Hello Donna,

I am thrilled to announce that Peter Stinson has recently joined us as Executive Director! Pete has a wealth of nonprofit management experience including ten years as the Senior Director at Operation Homefront, a national military veterans organization. It was during his time there that he first learned of Twilight Wish while taking part in a wish granting for a WWII veteran who wished to attend the reunion of the Sixth Marine Division one more time. Pete can be reached at Peter@twilightwish.org or 215-230-8777 ext. 101.

And, in other news, we are hard at work planning our upcoming Week of Wishes during the week of May 8th through May 13th. During this week, we will be granting meaningful wishes to seniors across the U.S. and are looking for corporate, small business and individual sponsors. This week will culminate in a luncheon at The Warrington Country Club. If you're interested in being a sponsor or attending the luncheon, please reach out to Pete! We hope to see you there!

Best wishes,

Cass Forkin

Founder & Chairwoman of the Board

Love is in the air!

Phyllis had a simple wish: to leave her facility to have lunch with her husband at the beach! Her husband visits her every day, but because she is wheelchair bound, it is difficult for her to leave the facility. They were so grateful to have this special time together! Phyllis' wish was granted on February 6th, just in time for Valentine's Day!

Simple wishes granted by our NJ chapter

Thanks to funding from the Provident Bank Foundation, our New Jersey chapter granted several simple needs wishes for the residents of Regent Care Center in Hackensack. Among the

wishes granted were Mary's wish for a CD player and CDs (pictured) and Robert's wish for a nature therapy machine. Although these wishes are simple, they truly have a huge impact on these seniors!
